

Remarks

A new terminal disclaimer is attached to address the double patenting rejection. Applicant's attorney has double checked the serial numbers and has taken the filing dates directly from the published patent applications on the PTO website in order to make the disclaimer consistent with patent office records.

No indefiniteness rejection was found in the office action, so Applicant is unsure what the Examiner's reference to indefiniteness is regarding.

The remaining claims have been deemed allowable by the Examiner. Any fees should be charged to Deposit Account No. 50-0581.

Respectfully submitted this 14th day of March, 2005.
